**'BECAUSE OF THE LORD'S GREAT  
LOVE WE ARE NOT CONSUMED,  
FOR HIS COMPASSIONS NEVER FAIL.  
THEY ARE NEW EVERY MORNING,  
GREAT IS YOUR FAITHFULNESS.'**

**LAMENTATIONS 3:22-23**

In recent months we have been shocked to see the devastating new wave of Covid in India, Nepal, Bangladesh and Myanmar. Even as we are beginning to enjoy the return of some freedoms it has been a reminder of how fragile our lives are. Extreme weather has also caused damage in countries around the world and there is ongoing violence and political unrest in many of the countries supported by The Leprosy Mission. Have you been moved to help?

Your gifts and your prayers are making a tremendous difference. Thank you for standing with us and remembering those affected by leprosy in these challenging times.

**Your prayers for leprosy affected people, and our transformational work, are powerful tools in the fight to defeat leprosy around the world.**

- Give thanks to God for an amazing £50,000 raised in response to our COVID Emergency Appeal to support front line health workers and provide critical medical supplies.
- Pray for protection of TLM staff as they care for hundreds of critically ill COVID patients alongside leprosy patients. Pray that their commitment to provide care to all, is a witness to the love and compassion that Jesus showed the world when he died for us.
- Pray for our team in Timor Leste and Myanmar as Covid cases surge and many go into isolation. Pray for their health and for the added pressure this brings to the services they provide.
- Pray for a hedge of protection around leprosy colonies across Asia and Africa. Pray that the poorest of the poor will receive the COVID vaccine and not be forgotten.
- Pray for Dr Premal Das as he takes on the role of Interim Executive Director at The Leprosy Mission Trust India. Pray for wisdom and guidance in this role and for Dr Mary Verghese who has recently retired as Executive Director due to ill health following a serious COVID-19 infection. Pray for her full recovery.
- Pray for our teams in Myanmar, Mozambique, Ethiopia and DRC as conflict and unrest not only impacts their work but also their personal lives and family. Pray that conflicts will be resolved and that leprosy affected communities will not suffer through lack of services which are currently paused.
- Give thanks for the new members of TLMNI staff team. Stephen is our new Communications Officer (Digital) and Pam is our new Programme Funding Officer. Pray for them as they settle into their new roles and for all the staff at this time of change.
- Autumn/Winter is the busiest time of year for TLM Trading. Give thanks for the thousands of customers across the UK who buy cards and gifts as one of the ways they help support people affected by leprosy. Pray that this will be a bumper year, raising more support than ever before, and that every order will delight their customers.
- Pray for the launch of our new Autumn Resources for Churches. Pray that many congregations would be encouraged and inspired to partner with us to make leprosy a thing of the past!
